Kamwa Kamgaing Ronald

Front-End Developper

ronaldkamgaing4@gmail.com   +237 690 655 845   Douala-Cameroun

Personal Profile

Web and Mobile Developer passionate about innovation and problem-solving, with a versatile skill set and several years of experience building high-performance applications. Curious and solution-oriented, I thrive in dynamic environments where innovation drives projects. I enjoy taking on challenges while staying up-to-date with the latest technology trends.

Experiences

Front-End Developer
Nobisoft | Douala | September 2022 - Present
- Developed web and mobile applications with a strong focus on performance optimization and user experience.
- Designed and implemented secure, scalable back-end systems on Firebase, including authentication, real-time database management, and serverless application deployment.
- Utilized tools to create modern, responsive user interfaces while adhering to design best practices.
- Participated in the full project lifecycle, from initial design through to production, ensuring maintenance and updates post-deployment.
- Collaborated with product, design, and marketing teams to align developed features with the company's strategic goals.
- Trained and mentored new interns on core technologies.

Web Development Intern
Nobisoft | Douala | June 2022 - September 2022
- Contributed to the design and development of websites using HTML, CSS, and JavaScript.
- Created responsive, optimized web pages for various devices.
- Collaborated with the development team to enhance user interface (UI) and user experience (UX).
- Implemented JavaScript scripts to add interactive and dynamic functionality to web pages.
- Conducted testing and debugging to ensure code quality.
